Presentation of the projects

The BGDO wishes to stimulate its project of the **Digestive Neuroendocrine Tumor registry**.

The DNET is a registry to collect epidemiological and medicinal data of patients suffering from digestive neuro-endocrine tumours via an electronic database. The registry started in 2000. Many interesting data are already available.

Presentation of the projects

The BGDO offers an award to a researcher or a team of researchers (age <40 years) who propose an original project that will be conducted in an outstanding and timely manner.
At least one of the researchers per team should be a member of the BGDO.
The project should be realistically achievable and completed within one year.

Funding

One research grant will be allocated depending on the quality of the projects submitted.

The winner will be granted **EUR 2500** to cover his research work. Half of the grant will be given just after the selection of the candidate and the other half at the end of the period of one year devoted to the completion of the work.

Jury

The jury will be composed of BGDO board representatives and national experts that are implicated in the DNET registry..

Presentation of the projects

Projects should be clearly presented in a maximum **four** A4 pages file according to the following criteria:

- title and summary of the project + 3 key words (max 1 page)
- background, rationale, presentation, methodology of the project (2 pages)
- potential impact and perspectives of the project (1/2 page)
- 3-5 relevant publications related to the project, the candidate and the laboratory/team involved

Each candidate should provide his full curriculum vitae.

Address and Deadline for Submission

The BGDO-DNET award, clearly stating the application for BGDO award, should be mailed to info@bgdo.org before **23 December 2022, 2 pm**.

Presentation of the Award

The award(s) will be presented during the BGDO Annual meeting 2025 in the presence of the jury members.
